7.30pm - 8pm question and answer session

Below are comments from parents who attended previous information evenings.

‘Just a quick note to say thank you for your informative IB session last night. I have read snippets here and there but your talk cemented my understanding of this approach and confirmed our support for such a wonderful programme. We look forward to encouraging our daughter to become an IB learner.’

‘When we enrolled our children at Helena we were not aware of this wonderful concept. I am so grateful that at least one of our children will be part of this exciting and inspiring programme. I look forward to the journey this will take her on with us as parents by her side.’

This presentation is aimed at parents who have students commencing the IB Middle Years Programme in 2017. It assumes little or no knowledge of the programme. The aim of the presentation is to provide an understanding of what makes the MYP special, what parents can do to assist their children succeed with the MYP and where further information can be found.

We encourage every parent to attend as the MYP journey is designed to be jointly undertaken by parents and teachers, as well as students. This will be an interactive session, so please bring a pen and a notebook.

On the night we will also demonstrate how SEQTA Engage works.

All new parents will receive their login details from the ICT team via email early in Term One 2017.

We look forward to seeing you at the session.

To assist with seating could you please rsvp via the BOOKINGS link on the College website. Thank you.
